

IOC REDUCED MONITORING APPLICATION FOR PUBLIC WATER SYSTEMS

ADEQ initiates reduction for Monitoring Assistance Program (MAP) systems DO NOT APPLY

Public Water System Name: _____ **Page1 of 2**

PWS Identification Number: AZ04-_____

Contact Person: _____ Telephone: _____

Point-of-Entry (POEs): _____
Period: _____ System's Initial Monitoring Year: _____

Note: When needed, please complete several application forms.

FIRST: review all applicable IOC rules (such as; A.A.C. R18-4-206 K. & L.; 207; 402) and determine if each POE is eligible for a reduced monitoring before applying.

Reductions are issued at the POE level. Review all pertinent water quality data and supply latest data. Identify water source(s) in Table 1 by name, cadastral location, POE, AZ Department of Water Resources (ADWR) number, and source type. Indicate if the source is an active source, a backup source, or an emergency source. If the source is a backup or emergency, indicate if it is connected to the distribution system.

Source Type: GW = groundwater, SW = surface water, SP = spring,
DI = groundwater under the direct influence of surface water

Source Status: P = active source

Connect Status: YES or NO

Continuous Chlorination: YES or NO

Table 1.

Source Name	POE Number	Cadastral Location	ADWR Number	Source Type	Source Status	Connect Status	ALU*	Continuous Chlorinated
Well #1	001	D 6-4 28 dac	55-123456	GW	P	YES	1,2	Yes

Enter the number for ALL adjacent land uses (ALUs) located within ½-mile radius of your water source(s) in Table 1.

* IOCs

1. Mining activities
2. Metal plating
3. Foundry
4. Hazardous waste storage and disposal facilities
5. Landfills

Please check each IOC group for which reduction is being applied for.

Table 2.

INORGANIC CONTAMINANT GROUPS			
<input type="checkbox"/> 1	<input type="checkbox"/> 2 or <input type="checkbox"/> CN only	<input type="checkbox"/>	
1005 - Arsenic 1010 - Barium 1015 - Cadmium 1020 - Chromium 1025 - Fluoride 1035 - Mercury 1045 - Selenium	1024 – Cyanide 1036 – Nickel 1074 – Antimony 1075 – Beryllium 1085 - Thallium	1094 - Asbestos	1052 – Sodium 1040 – Nitrate 1041 - Nitrite NO WAIVERS AVAILABLE

Bold - regulated IOC

Italic - *special monitoring* IOC (Community Systems only – ‘CO’ or ‘CWS’ or ‘C’)

Return completed application to: ADEQ Drinking Water, Waiver Program, Monitoring Assistance Program, Mail Drop 5215B-2, 1110 W. Washington Street, Phoenix, AZ 85007. ADEQ will make a determination to grant or deny a monitoring reduction for IOCs within 90 days of receipt of this application. This monitoring reduction is effective for one compliance cycle (nine years). **However, at least one sample must be taken during each compliance cycle (9years). You must reapply for future reductions in subsequent compliance cycles.**
